Navigate the complexities of federal civil procedure as well as state procedure for the majority of states and the District of Columbia that follow the rules of federal civil procedure.

This across-the-board guide will identify the questions that lawyers and judges will ask. Along the way, it will help you understand court splits and provide you with plenty of advisory practice tips, allowing you to litigate with confidence.

This publication includes numerous features, and distills complex procedural issues down to easy-to-digest pieces.

- Chapters are organized into Scope, Objective or Overview, Core Rules and Statutes, Checklists and Examples.
- Contains dozens of detailed checklists that provide users with true practical guidance on how to complete pretrial federal practice tasks.
- Numerous examples and case studies highlight both common and nuanced procedural issues.
- Over 1,000 practice tips such as “Warning” or “Local Practice” alert the user to important nuggets of practical advice including exceptions, court splits and warnings about potential traps.
- Over 1,000 cross references are made throughout to other areas within the chapter, other chapters in this title and other titles, such as Moore’s Federal Practice® and Bender’s Federal Practice Forms®.
- The Table of Cases lists all of the cases cited in this set and is arranged alphabetically by case name.
- The Table of Statutes lists all the statutes cited to alphabetically.
- The Index references all topics discussed in the text and footnotes.
- An annual pamphlet—published exclusively for print subscribers—features expert commentary and practical
